

# Studying at College or Sixth Form

#16+CAREERSWEEK

## Overview

Understand where you can study A-levels and T-levels

- Introduce A-Levels and T-Levels and the differences between them - including employer placement
- Outline subjects and levels, entry requirements and methods of study
- Summarise important factors to consider - such as costs, transport, how to apply and local providers

## Objectives

- Have a wider understanding of the similarities and differences of these level 3 qualifications
- Evaluate which further study route is best for your career pathway and study patterns
- Be able to identify at least three local providers who offer these qualifications

## Resources

- Videos and Bitesize Bingo Sheets
- Extended Lesson Plan and PPT Slides
- Individual Activity - review our Digital Prospectus 2022/23 and use our Pathway Planner to compare courses and providers
- Group Activity - use Find the Pathway Challenge Cards
- Explore our other resources, videos and downloads
